PROJECTS

- **Family Golf Reservation Platform – Frontend Web Application:** Built a responsive web platform enabling families to explore golf services, securely register/login, book sessions, and interact with a modern user interface. Implemented client-side authentication, form validation, dynamic UI interactions, and session management. **Tech:** HTML5, CSS3, JavaScript (ES6), DOM Manipulation, Responsive Design, localStorage, sessionStorage. (2025)
- **Interview Prep – An AI-Powered Mock Interview Platform [Live Link](#):** Built a web application for interview practice that asks role-based technical and behavioral questions, evaluates user responses, and provides structured feedback with correct answers. Implemented secure passwordless authentication and backend APIs for session handling. Tech: React + TypeScript, Node.js, Express, Supabase (Magic Links, JWT), Gemini LLM. (Sep 2025)

SKILLS SUMMARY

- **Languages:** JavaScript, TypeScript, Java, C++, HTML, CSS
- **Frontend:** React.js, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, PostgreSQL, Supabase
- **Cloud & DevOps:** Docker, AWS, GitHub Actions (CI/CD)
- **Storage & Media:** Amazon S3, Cloudinary
- **Hosting & Domains:** Vercel (Deployments, Custom Domains), GoDaddy (DNS Management)

CERTIFICATIONS AND ACHIEVEMENTS

- **JPMorgan Chase Software Engineering Job Simulation (Forage)** [Certificate Link](#)
- **Tata GenAI Powered Data Analytics Completion Certificate** [Certificate Link](#)
- **AWS Solutions Architecture Completion Certificate** [Certificate Link](#)

OPEN SOURCE & ENGINEERING WORK

- Actively use GitHub for version control, code collaboration, and managing production-ready repositories with CI workflows.
- Built, deployed, and maintained full-stack applications using Docker, cloud infrastructure, and custom domain configurations.

EDUCATION

- **ABES Engineering College** Ghaziabad, Uttar Pradesh, IN
Bachelor of Technology - Computer Science and Engineering (Data Science) Oct 2024 - Oct 2028
Courses: Operating Systems, Data Structures, Design & Analysis Of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases
